New section:

Why Most Traders Struggle

Most traders start with excitement but quickly face confusion.

Common problems include:

• Random strategies from YouTube
• Emotional trading decisions
• Poor risk management

• Overtrading after losses
• Following tips without understanding

MasterTraderX was designed to **solve these exact problems.**

---

4. Kirti Agrawal Story Section (Move Higher)

Move the **About Kirti section earlier in the page**.

Content structure:

From Losses to Consistency

Kirti Agrawal began trading at **19 years old**.

After early success, she lost **nearly ₹20 lakhs** over several years.

Instead of quitting, she spent years studying:

• trading psychology
• price behavior
• structured trading systems

This journey led to the development of the **PAT Framework**.

Today she is a **full-time trader and mentor with 15+ years market experience.**

---

5. Featured Logos Section
